

# Getting Started

BookLingual eBooks can be read on:

iPad | tablet | ereader | smartphone | computer

1. **Transfer eBooks to your device of choice.** Your eBooks are a .pdf file. We recommend transferring these files to your color tablet, ereader, or smartphone for best experience.
  - a. You can transfer files to your device via connecting a transfer/USB cable to your computer – then, drag and drop.
  - b. OR Use a cloud storage service such as: Dropbox, iCloud, or Google Drive. Simple install the “app” onto your device. Login to this app on your computer; drag and drop the files onto your “dropbox” folder, for example, and these will then populate onto your device.

**We recommend reading your .pdf eBooks with these apps:**

Device	Recommend App(s)
iPad, iPhone	iBooks
Android Phones & Tablets	Aldiko, Kindle, or Nook apps
Nook Color, Tablet	Pre-installed, and will read
Kindle, Kindle Fire	Pre-Installed

The “iBooks” app can be downloaded free form the AppStore. The “Aldiko”, “Kindle”, and “Nook” apps can be downloaded free from Google Play.

2. **Let your Child Pick out a Book & Read!** Now you that your eBooks are on your device, there is nothing left to do but read! Let your child browse books and tap on one they like. If your child is a toddler/pre-school – read the book aloud. If your child is reading age, have them try, with you helping them sound out words.

**Enjoy the books! Make sure you take advantage of your \$30 instant coupon within 48 hours or it will disappear. Remember that we have a TOTAL RESULTS Guarantee – and if you just don't want our books, we will give you a full refund. We believe in what we have, and know your child will benefit.**

Let me know if you there is any way I can help!

Sincerely,

Michael Hodge, Founder & Lead Author BookLingual
